

CardLogix' Jason Prince Earns ACE Designation For Manufacturing Expertise

Irvine, CA – May 18, 2009 – [Jason Prince](#), Manufacturing Services Manager at CardLogix, has achieved the ACE-M designation from the International Card Manufacturers Association (ICMA). This designation identifies an elite group of professionals who demonstrate the highest level of card manufacturing knowledge and expertise. ACE-M emphasizes lamination, materials, inks, die cutting, smart cards, mag-stripes, ISO standards, and printing.

This recognition is part of the continuous mission of Quality that CardLogix pursues as a leading card manufacturer. Bruce Ross, CEO, stated that “We are absolutely committed to excellence in our employees and operations in order to deliver the best possible products to our customers”. Ross added that as CardLogix manufacturing volume grows and diversifies, achievements such as ACE-M are critical to maintain the high standards of its ISO-9001-certified manufacturing. The company works with a broad range of organizations promoting industry excellence, including ICMA, Smart Card Alliance Leadership Council, ASQ, and the PCSC Working Group.
