# ReadyStart™ Secure Cards

Pre-printed Security Base Cards

ReadyStart™ Secure Cards by CardLogix enable a rapid start in the physical security, personalization and issuance of secure smart card and eID Credentials. ReadyStart Secure Cards are pre-printed plastic cards with a growing selection of professionally designed, ultra high resolution security graphic backgrounds. The cards are available in a variety of impressive, generic and market-specific designs most commonly used for Identity Credentials with a combination of unique security graphic elements, such as Microtext, Guilloche, hidden Card Validator® graphics, laser engraving and UV printing. These security graphics automatically add multiple layers of protection against card duplication and fraud.

Guilloche

Microtext/Intentional Errors

Validator
