SecuGen

Open the World with Your Fingertip!®

We are a leading provider of advanced optical fingerprint recognition technology for physical and IT security since 1998.

Our high quality, FBI Certified fingerprint sensors are used in over 100 countries in diverse areas such as government, finance, health care, law enforcement, education, retail, manufacturing, and transportation.

We work closely with our OEM, ISV, SI and reseller partners to meet the needs of their customers and help them succeed in the marketplace.

FBI Certified

The Highest Quality in Fingerprint Biometrics at Affordable Prices

Accurate

SecuGen sensors are very accurate thanks to a patented optic design that produces high quality images for greater precision, fewer false rejections and false acceptances, and better overall performance compared to competing fingerprint sensors.

Durable

With a virtually indestructible sensor prism, the SecuGen sensor is extremely rugged. SecuGen sensors are designed to be strong and dependable for consistent scanning all the time, whether outdoors, under harsh conditions, or in high traffic environments.

Maintenance-Free

Unlike semiconductor-based sensors and other optical sensors, SecuGen sensors are made with an advanced optical material that needs no coatings or special protection. These sensors resist ESD, corrosion, and other stresses and can be easily wiped clean without fear of damage.

Cost-Effective

SecuGen designs, develops, and manufactures its own fingerprint sensors that are built to last and deliver solid performance for years, making SecuGen sensors the most cost effective and smartest choice.

## Hamster Pro 10
Slim fingerprint reader

U10 / U10-SF
USB / All-In-One Serial
Slim fingerprint sensors for OEMs

Hamster Pro 20
Compact fingerprint reader

U20 / U20-ASF / U20-ASF-BT
USB / All-In-One Serial / Bluetooth
Compact fingerprint sensors for OEMs

Hamster Pro
Compact fingerprint reader
(non-certified)

Unity Bluetooth
Bluetooth fingerprint reader

Hamster Pro Duo SC/PIV
Smart card + fingerprint reader

Hamster Pro Duo CL
Contactless smart card +
fingerprint reader

SOFTWARE

Free SDKs
Free 1:1 matching SDKs for Windows, Android and Linux

SecuSearch 3
Fast 1:N matching engine for rapid ID with large fingerprint databases

SecuGen WebAPI
Add fingerprint biometrics to secure your web browser apps

SecuGen SDK Plugins for Microsoft Remote Desktop and Citrix
Authenticate with your fingerprint to SecuGen applications over Remote Desktop or Citrix sessions

Based on advanced, NIST / MINEX Certified fingerprint technology, our software can help you build cutting-edge biometric applications that work with SecuGen fingerprint readers.
